

THOUGHTS FOR SUCCESS

There comes a time in your life when you need to decide to **WALK AWAY** from drama and gossip and the people who **CREATE** it. **NOW** is the time to take control of your life, and make your **OWN** choices and decisions.

Surround yourself with people who are **POSITIVE, happy, fun** to be with and make you **laugh**.

Keep those friends who **focus** on goals, routines and try to do the best they can.

RESPECT yourself and others, be kind to yourself and others, and always treat others as you would want to be treated.

FALLING DOWN is part of life, **GETTING** up is living.

SO TODAY I WILL:

Set a course for my future by:

- Making a list of my goals, short term, and long term (career and personal)
- I will focus on the big picture by looking at what I want to achieve and plan on how to achieve it
- With my goals in sight I will choose wisely which path I want to follow
- I can now choose to use my energy wisely and my resources in worthwhile ways to achieve my goals
- If I get side-tracked I need to ask myself “Does this path take me closer to my goal or lead me away”

Success is NOT the opposite of FAILURE - it is part of it.
